

Graduate Intern - Gender and Food Systems

[Apply Now](#)

Company: International Potato Center

Location: Kampala

Category: life-physical-and-social-science

Background:

The NUTRI+4AID project is a two-year project (2023-24). Though the project officially commenced in February 2023, the activities will commence in 2024 to recruit an intern.

The Position: The Gender and Food systems Graduate intern will provide support to the NUTRI+4AID project activities

Key responsibilities:

Value chain study in Uganda in a humanitarian setting: to estimate the level of quantitative post-harvest losses and nutrient flow through selected crop value chains.

Storage studies in Uganda: to estimate the level of nutritional changes in quality affected by environmental factors, insect infestation.

Review conceptual framework on qualitative analysis of crises.

Interviews to collect data on volume of crops, post-harvest losses and food composition of selected commodities.

What are the conditions?

The position is an internship position limited to Uganda nationals and permanent residents only. The internship will be for a period of **three months**.
