

Project Director - future Head of Branch (M/F)

[Apply Now](#)

Company: SUEZ

Location: Uganda

Category: other-general

Contract type

Regular / Permanent

WHO WE ARE

The Suez Smart & Environmental Solutions global business unit (SES) aims to accelerate the development and roll-out of our smart environmental solutions on a global scale. To meet the demands of a growing and highly competitive market, the SES BU is organized around two complementary approaches:

1- via Solutions, to ensure rapid development and service-to-market. There are 5 solution lines: digital and decentralized solutions, environmental quality & smart agriculture, asset performance management, air & climate, and consulting & smart city.

2- via geographies, in relation to the other Group entities (the 6 Regions and the Global WTS BU), to ensure optimal service and customer-centric offers.

WHAT YOU WILL BE DOING

For more than 160 years, SUEZ has been at the forefront of addressing environmental challenges and improving the quality of life through essential services. With a strong commitment to innovation and resilience, SUEZ empowers its customers worldwide by providing access to water and waste services through cutting-edge and sustainable solutions. With a presence in 40 countries and a dedicated workforce of 40,000 employees, SUEZ excels in delivering vital water and waste services. In 2022, we provided drinking water to 68 million people and sanitation services to over 37 million individuals. Our expertise also extends to consulting and engineering services, where we collaborate with clients to develop

customized solutions that optimize water usage and minimize wastegeneration, ensuring a more sustainable and resilient future.

SUEZ Consulting is the engineering and consulting branch of the SUEZ Group.

ABOUT SUEZ CONSULTING

The International Department of SUEZ Consulting, with a thriving portfolio exceeding €50 million, is dedicated to realizing impactful projects across Asia, the Pacific, Eastern Europe, Africa, and the Middle East. Most of our projects are carried out in conjunction with International Institutions (ADB, WB, EU, EIB, etc.). Our multidisciplinary teams spearhead critical engineering initiatives, ranging from essential infrastructure development like water supply, waste management, roads, to modernizing railways. These endeavors primarily focus on emerging and developing nations, making a substantial impact on global development.

YOUR MISSION

To manage one of our main projects and to build our future hub for Eastern Africa in Uganda, we are currently looking for an experienced

Project Director (M/F)
